
WILTSHIRE GOLF

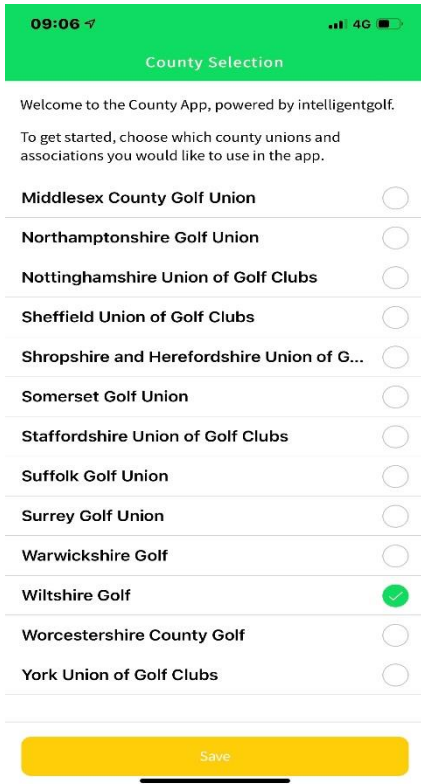

New Wiltshire County App 30th March 2020

Wiltshire Golf is proud to announce a new mobile device App that will make it easier for club members to get County news, enter County competitions and access the County Card.

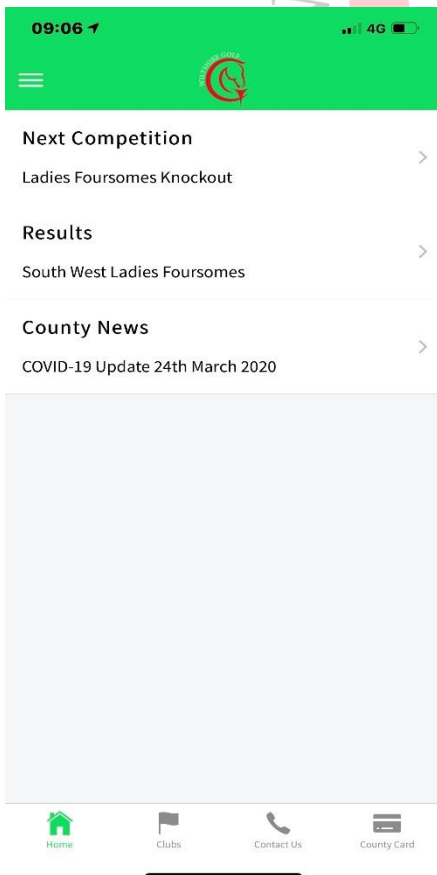

It's simple to download. Just go to the App store or Google Play and search for igCounty.

When it has downloaded you will need to select Wiltshire as your County. If you are a member of a club in another County you can select more than one and have both Counties Apps on your phone. However, you can only have one County Card which will be the Union, Association or Unified body to which your Home club is affiliated:

This will then take you to the home screen where you can access news and enter competitions:

Best of all, if you click on the 'County Card' icon in the bottom right-hand corner you can download it into your device's virtual wallet. All you have to do is enter your CDH number and surname and you're good to go:

Your Club will still have a small number of the old-style County Cards for those people who don't have a device, but please don't use those unless you really need to.

Once the current situation is over we will be running free golf competitions with great prizes for anyone who has downloaded the County Card – look out for our updates in the near future.
